Date

The application with enclosed documents is sent by post to:

Försvarshögskolan
FUS/Examen
Box 278 05
115 93 STOCKHOLM

Information

- You apply for a degree certificate when you have completed the last course included in your degree.
- If the degree application is complete when received it is our ambition that nobody should need to wait longer than one month for their degree certificate, but at the end of term and during holiday periods the processing time can be longer, though no longer than two months.
You are responsible for ensuring that the application is complete.
- The degree contains an exact number of credits, for example if your degree requires 180 credits, that is the number of points your degree must cover.
- In the event that courses with common content are to be included in the same degree, credits will be deducted for the common content.
- The degree certificate is bilingual, Swedish and English.
- The degree certificate is an original document which is issued only once.

Application

- Check that all the courses as well as academic papers/degree projects have been reported with final grade and end date in Ladok. Only courses that are reported as finalised in Ladok may be included in your degree. If any of your courses are not reported as finalised, contact the person responsible for the course in question.
- Before you apply for a degree certificate you must check that your name is shown correctly in Ladok. Name information is collected from the population register, which is updated regularly. It is not possible to change the name on a diploma that has already been issued.

The following documents must be enclosed with the application

- If there is a decision on an individual study plan, this must be enclosed with the application.
- If studies from another educational institution are to be included in the degree, official transcript of records/course certificate must be enclosed with the application.

If you have any questions, please contact

- examen@fhs.se
